

Protecting Your Data Integrity to Maintain Attorney-Client Privilege

You have policies in place to ensure your phone and in-person communications with clients, witnesses and other parties remain confidential. But what about the vast amounts of digital data you generate representing clients — recordings, research, transcripts, etc.?

Maintaining secure storage of your files, records and other data is also vitally important — to protect client confidentiality, to enable quick and easy retrieval of legal data, and to ensure your firm complies with strict privacy regulations. **KeepItSafe® Online Backup** offers just the answer for today's law firms.

How KeepItSafe meets the needs of the heavily regulated legal industry:

KeepItSafe provides a fully managed online backup and recovery solution for law firms, providing continual protection of your data, highly encrypted transfer to our servers to ensure secure transit, and easy retrieval of your records anytime, for eDiscovery or in the event of a lost file or disaster. The ideal data-protection service for law organizations, **KeepItSafe Online Backup** provides:

- ✔ Protection of attorney-client privilege
- ✔ Helps meet regulations of Sarbanes-Oxley
- ✔ Support for several case management and billing platforms (ProLaw, Time Matters, PCLaw, etc.)
- ✔ Protection of sensitive data on mobile devices
- ✔ Fully managed and automated offsite data protection
- ✔ 24/7 live support and data recovery
- ✔ Military-grade encryption both at the source and within our multiple secure data centers

KeepItSafe offers comprehensive cloud data availability solutions — contact us
